Media Information 2017

"The definitive guide to CAD and Construction for over 20 years."

Trusted and Insightful Editorial

Established for over 22 years, *CAD User* AEC is focused exclusively on the market for Architectural, Civil Engineering, Construction design and build solutions. It is read by Construction Professionals throughout the industry.

Key areas such as Building Information Management (BIM) collaboration, project management and vertical market specialisations are covered on a regular basis alongside new product reviews,

case and technical studies.

Every issue features independent news from across the AEC industry and includes:

- New product announcements
- Industry news
- Product Reviews
- BIM
- Architecture
- Civil engineering

- Building & Construction
- Facilities Management
- Building Services
- Structural Analysis
- Mapping
- Process, Plant & Piping
- collaboration & E-commerce
- Case studies/user profiles
- Exhibition and events previews

Reaching People that Matter

CAD User is read by decision makers with decision making and purchasing power, meaning you reach the people that matter, in an environment they trust.

On-line Advertising

CAD User.com attracts a valuable audience of CAD professionals, and those interested in the CAD Industry.

The web pages are user-friendly, informative and attractive to look at. They are arranged and indexed in such a way that you can locate the information you want without any difficulty. Our Banner Advertising can link the visitor directly to your Web site.

"As part of a comprehensive online marketing strategy ... banner advertising on CAD USER.COM proved one of the most effective advertising placements. ... the third highest in an advertising campaign with 9 placements ... CAD USER.COM viewed on average more pages on the client's site, and had a higher conversion rate (to sales) than users from other advertising placements."

Jonathan Moore, AdValue UK Limited, The European Online Media Agency
